Mr. Stanislas Poniatowski, Founder and President
ARPE Foundation

Dear Mr. Poniatowski,

We are profoundly touched by your kind gift that will support four of our wonderful students. We are aware that the pandemic has placed many people all over the world in dire financial need, and we are honored and most appreciative that you have chosen the JAMD as a recipient of your generous assistance.

The support you are providing means so much to these students, to the Academy and to the city of Jerusalem. We are all strengthened and bolstered by your interest and your help.

Please convey our deepest gratitude to members of the Board of the ARPE Foundation, and to Maria Canals de Cediol for her assistance and facilitation in the grant process.

We extend our best wishes to you and all members of the Foundation for a better year, of health and fulfillment, happiness and achievement.

Sincerely,

Yonit Weiss
Director of Resource Development
