

Fundacion Arpe

Ms. Ana Sainz de Vicuña Bemberg.

Madrid, June 1, 2025

Dear Friends of the ARPE Foundation,

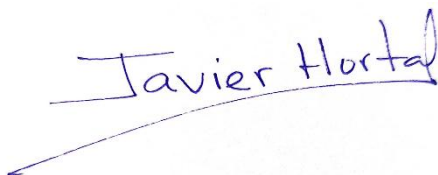

We are writing to express our deepest appreciation for your loyalty and the continuously renewed support you offer us. It is a true privilege to count, yet another year, on your trust for the care of children and adolescents with cancer.

The ARPE Foundation's social commitment, and the human warmth of your entire team, are pillars that allow us to consolidate our fundamental mission: to ensure and improve the quality of life for minors affected by cancer and their families, providing integral support from the moment of diagnosis.

We are pleased to confirm that the contribution of ~~xxxx~~€ has been entirely allocated to our **Therapeutic Leisure Program (Programa de Ocio Terapéutico)**. This support is fundamental, as it allows us to leverage leisure as an essential tool that promotes the normalization of life and the emotional well-being of children throughout the entire oncological process, accompanying them both inside and outside the hospital setting.

We thank you once again for walking alongside us and for directly boosting our capacity for care. The trust you place in ASION's work is our greatest source of encouragement.

With warmest regards,

Francisco Javier Hortal García

President of ASION
