

Dear Ana,

On behalf of the Querer Foundation, I would like to express our deepest gratitude for the generous contribution you have chosen to allocate to our organization and to the students of El Cole de Celia y Pepe.

Thanks to your valuable support, we are able to launch the "Emotional and Social Development through Art" project for the 2024/2025 school year.

We strongly believe in this program, which aims to promote the emotional, social, and cognitive development of the children involved, through art.

Art therapy is a powerful tool that will help improve the emotional and social well-being of the students while enhancing their motor skills and non-verbal communication abilities, all in a creative and stimulating environment that is tailored to their needs.

The contribution of seven thousand euros (██████) from your foundation not only allows for the purchase of the necessary materials for the artistic activities, but also enables the hiring of a specialized professional to accompany and guide the children in this therapeutic process.

With your help, we are confident that this project will have a lasting impact on the growth of our students, providing them with new avenues for personal development and enhancing their academic engagement.

Once again, we want to thank you for your commitment and support in making this project a reality.

We remain at your disposal for any questions or additional information you may need regarding the progress of the project, and we will be delighted to keep you informed about the milestones and successes we achieve thanks to your invaluable contribution.

With gratitude and appreciation,

D. José Luis Puche Castillejo
Director General
Fundación Querer
