Mr. Stanislas Poniatoski, Founder and President  
ARPE Foundation

Dear Mr. Poniatoski,

I am profoundly touched by your very generous support of three of our most promising students. The ARPE Scholarships Program has established itself as one of the most prestigious programs in JAMD, enabling the most talented students to concentrate on their artistic and academic development.

The support you are providing means so much to these students and enables them to spread the beauty of music in their unique individual way. We are all so strengthened and bolstered by your interest and your help.

With best regards,

Yours sincerely,

Revital Hachamoff  
Dean of Students
